

Heartland Hope Mission is a faith-based 501(c) 3 charitable organization founded to provide food and clothing and promote self-sufficiency for people in need. We focus on serving the working poor and low income families while creating an environment where lives are being changed instead of fostering dependency.

Low income families are provided with a 7 day supply of food including food appropriate for breakfast, lunch, and dinner. We provide the basic necessities to people in need so they can use their limited funds to pay their bills. It is much cheaper to help prevent families from becoming homeless than to rehouse them. Simultaneously we try to help families move into a position where they are once again self-sufficient.

Additionally, we provide clothing, household items, and toys at no charge. People in need are able to choose the items they want for their family.

During the holidays we provide a special Thanksgiving pantry. This is a 7 day supply of food that includes food to make a Thanksgiving meal. For Christmas we have a party with food, face painting, and family photos. Parents receive a large bag full of toys and wrapping paper to give gifts to their children.

three timbers church volunteers assist with the food pantry the first Tuesday of each month and at special events.

Contact Cindy Wrenn mission@threetimbers.org for serving opportunities.
