

Hope & Healing For South Sudan

Healing Kadi Foundations mission is to bring modern, reliable, and sustainable health care to the people of South Sudan. Our vision is healthy, peaceful communities where injuries and disease are treated promptly, expectant mothers and their new babies are healthy, and the elderly are comfortable.

We seek to establish a permanent medical facility in Kajo Keji, South Sudan. This facility will provide safe, effective, and equitable patient-centered care in a timely manner. The facility will also greatly improve the ability of residents of Kajo Keji to access medical care.

three timbers church is blessed to have The Healing Kadi Foundation Directors, Dr. Joseph Dumba and Dr. Chuck Tomek in our congregation. For information on serving opportunities contact Van Wrenn mission@threetimbers.org.
